MINISTRY OF LAW AND JUSTICE

(Legislative Department)

New Delhi, the 7th September, 2005/Bhadra 16, 1927 (Saka)

The following Act of Parliament received the assent of the  
President on 5th September, 2005 and is hereby published for  
general information:-

## THE NATIONAL RURAL EMPLOYMENT GURANTEE ACT, 2005

No. 42 of 2005

[5th September, 2005]

An Act to provide for the enhancement of livelihood security of the  
households in rural areas of the country by providing at least one  
hundred days of guaranteed wage employment in every financial  
year to every household whose adult members volunteer to do  
unskilled manual work and for matters connected therewith or  
incidental thereto.

Be it enacted by Parliament in the Fifty-Sixth Year of the Republic of India as follows:-

## CHAPTER - I

### Preliminary

#### **Short title extent and commencement**

1. (1) This Act may be called the National Rural Employment Guarantee Act, 2005.
- (2) It extends to the whole of India except the State of Jammu and Kashmir.
- (3) It shall come into force on such date as the Central Government may, by notification in the Official Gazette, appoint; and different dates may be appointed for for different States or for different areas in a State and any reference in any such provision to the commencement of this Act shall be construed as a reference to the coming into force of that provision in such State or, as the case may be, in such area;

Provided that this Act shall be applicable to the whole of the territory to which it extends within a period of five years from the date of enactment of this Act.

#### **Definitions**

- (s) "wage rate" means the wage rate referred to in section 6.

## CHAPTER - II

### GUARANTEE OF EMPLOYMENT IN RURAL AREA

#### *Guarantee of rural employment to households.*

3. (1) Save as otherwise provided, the State government shall, in such rural area in the State as may be notified by the Central Government, provide to every household whose adult members volunteer to do unskilled manual work not less than one hundred day of such work in a financial year in accordance with the Scheme made under this Act.

(2) Every person who has done the work given to him under the Scheme shall be entitled to receive wages at the wage rate for each day of work.

(3) Save as otherwise provided in this Act, the disbursement of daily wages shall be made on a weekly basis or in any case not later than a fortnight after the date on which such work was done.

(4) The Central government or the State Government may, within the limits of its economic capacity and development, make provisions for securing work to every adult member of a household under a Scheme for any period beyond the period guaranteed under sub-section (1), as may be expedient.

### CHAPTER - III

#### EMPLOYMENT GUARANTEE SCHEMES AND UNEMPLOYMENT ALLOWANCE

##### **Employment Guarantee Schemes for rural areas.**

4. (1) For the purposes of giving effect to the provisions of section 3, every State Government shall, within six months from the date of commencement of this Act, by notification, make a Scheme, for providing not less than one hundred days of guaranteed employment in a financial year to every household in the rural areas covered under the Scheme and whose adult members, by application, volunteer to do unskilled manual work subject to the conditions laid down by or under this Act and in the Scheme:

Provided that until any such Scheme is notified by the State Government, the Annual action Plan or Perspective Plan for the *Sampoorna Grameen Rozgar Yojana* (SGRY) or the National Food for Work Programme (NFFWP) whichever is in force in the concerned area immediately before such notification shall be deemed to be the action plan for the Scheme for the purposes of this Act.

(2) The State Government shall publish a summary of the Scheme made by it in at least two local newspapers, one of which shall be in a vernacular language circulating in the area or areas to which such Scheme shall apply.

(3) The Scheme made under sub-section (1) shall provide for the minimum features specified in Schedule I.

##### **Conditions for providing guaranteed employment.**

5. (1) The State Government may, without prejudice to the conditions specified in Schedule II, specify in the Scheme the conditions for providing guaranteed employment under this Act.

(2) The persons employed under any Scheme made under this Act shall be entitled to such facilities not less than the minimum facilities specified in Schedule II.

##### **11 of 1948**

##### **Wage Rate.**

6. (1) Notwithstanding anything contained in the Minimum Wages Act, 1948, the Central Government may, by notification, specify the wage rate for the purposes of this Act:

Provided that different rates of wages may be specified for different areas:

Provided further that the wage rate specified from time to time under any such notification shall not be at a rate less than sixty rupees per day.

##### **11 of 1948**

(2) Until such time as a wage rate is fixed by the Central Government in respect of any area in a State, the minimum wage fixed by the State Government under section 3 of the Minimum Wage Act, 1948 for agricultural labourers, shall be considered as the wage rate applicable to that area.

##### **Payment of unemployment allowance.**

7. (1) If an applicant for employment under the Scheme is not provided such employment within fifteen days of receipt of his application seeking employment or from the date on which the employment has been sought in the case of an advance application, whichever is later, he shall be entitled to a daily unemployment allowance in accordance with this section.

(2) Subject to such terms and conditions of eligibility as may be prescribed by the State Government and subject to the provisions of this Act and the Schemes and the economic capacity of the State Government, the unemployment allowance payable under sub-section (1) shall be paid to the applicants of a household subject to the entitlement of the household at such rate as may be specified by the State Government, by notification, in consultation with the State Council:

Provided that no such rate shall be less than one-fourth of the wage rate for the first thirty days during the financial year and not less than one-half of the wage rate for the remaining period of the financial year.

+

(3) The liability of the State Government to pay unemployment allowance to a household during any financial year shall cease as soon as-

(a) the applicant is directed by the Gram Panchayat or the Programme Officer to report for work either by himself or depute at least one adult member of his household; or

(b) the period for which employment is sought comes to an end and no member of the household of the applicant had turned up for employment; or

(c) the adult members of the household of the applicant have received in total at last one hundred days of work within the financial year; or

(d) the household of the applicant has earned as much from the wages and unemployment allowance taken together which is equal to the wages for one hundred days of work during the financial year.

(4) The unemployment allowance payable to the household of an applicant jointly shall be sanctioned and disbursed by the Programme Officer or such local authority (including the Panchayats at the district, intermediate or village level) as the State Government may, by notification, authorise in this behalf.

(5) Every payment of unemployment allowance under sub-section (1) shall be made or offered not later than fifteen days from the date on which it became due for payment.

(6) The State Government may prescribe the procedure for payment of unemployment allowance under this Act.

***Non disbursement of unemployment allowance in certain circumstances.***

8. (1) if the Programme Officer is not in a position to disburse the unemployment allowance in time or at all for any reason beyond his control, he shall report the matter to the District Programme Coordinator and announce such reason in a notice to be displayed on his notice board and the notice board of the Gram Panchayat and such other conspicuous places as he may deem necessary.

(2) Every case of non-payment or delayed payment of unemployment allowance shall be reported in the annual report submitted by the District Programme coordinator to the State Government along with the reasons for such non-payment or delayed

VI

+

+

payment.

(3) The State government shall take all measures to make the payment of unemployment allowance reported under sub-section (1) to the concerned household as expeditiously as possible.

***Disentitlement to receive unemployment allowance in certain circumstances.***

9. An applicant who -

(a) does not accept the employment provided to his household under a Scheme; or

(b) does not report for work within fifteen days of being notified by the Programme Officer or the implementing agency to report for the work; or

(c) continuously remains absent from work, without obtaining a permission from the concerned implementing agency for a period of more than one week or remains absent for a total period of more than one week in any month,

shall not be eligible to claim the unemployment allowance payable under this Act for a period of three months but shall be eligible to seek employment under the Scheme at any time.

**CHAPTER - IV**

**IMPLEMENTING AND MONITORING AUTHORITIES**

***Central Employment Guarantee Council.***

10. (1) With effect from such date as the Central Government may, by notification specify, there shall be constituted a Council to be called the Central Employment Guarantee Council to discharge the functions, and perform the duties, assigned to it by or under this Act.

(2) The headquarters of the Central Council shall be at Delhi.

  - (g) to redress the grievances of the applicants.
- (4) The State Government shall delegate such administrative and financial powers to the District Programme Coordinator as may be required to enable him to carry out his functions under this Act.
- (5) The Programme Officer appointed under sub-section (1) of section 15 and all other officers of the State Government and local authorities and bodies functioning within the district shall be responsible to assist the District Programme Coordinator in carrying out his functions under this Act and the Schemes made thereunder.
- (6) The district Programme Coordinator shall prepare in the month of December every year a labour budget for the next financial year containing the details of anticipated demand for unskilled manual work in the district and the plan for engagement of labourers in the works covered under the Scheme and submit it to the district panchayat.

**Programme Officer.**

15. (1) At every Panchayat at intermediate level, the State government shall appoint a person who is not below the rank of Block Development Officer with such qualifications and experience as may be determined by the State government as Programme Officer at the Panchayat at intermediate level.
- (2) The Programme Officer shall assist the Panchayat at intermediate level in discharging its functions under this Act and any Scheme made thereunder.
- (3) The Programme Officer shall be responsible for matching the demand for employment with the employment opportunities arising from projects in the area under his jurisdiction.
- (4) The Programme Officer shall prepare a plan for the Block under his jurisdiction by consolidating the project proposals prepared by the Gram Panchayats and the proposals received from intermediate Panchayats.
- (5) The functions of the Programme Officer shall include--
- (a) monitoring of projects taken up by the Gram Panchayats and other implementing agencies within the Block;
  - (b) sanctioning and ensuring payment of unemployment allowance to the eligible households;
  - (c) ensuring prompt and fair payment of wages to all labourers

employed under a programme of the Scheme within the Block;

(d) ensuring that regular social audits of all works within the jurisdiction of the Gram Panchayat are carried out by the Gram Sabha and that prompt action is taken on the objections raised in the social audit;

(e) dealing promptly with all complaints that may arise in connection with the implementation of the Scheme within the Block; and

(f) any other work as may be assigned to him by the District Programme Coordinator or the State Government.

(6) The Programme Officers shall function under the direction, control and superintendence of the District Programme Coordinator.

(7) The State Government may, by order, direct that all or any of the functions of a Programme Officer shall be discharged by the Gram Panchayat or a local authority.

**Responsibilities of the Gram Panchayats.**

16. (1) The Gram Panchayat shall be responsible for identification of the projects in the Gram Panchayat area to be taken up under a Scheme as per the recommendations of the Gram Sabha and the Ward Sabhas and for executing and supervising such works.

(2) A Gram Panchayat may take up any project under a Scheme within the area of the Gram Panchayat as may be sanctioned by the Programme Officer.

(3) Every Gram Panchayat shall, after considering the recommendations of the Gram Sabha and the Ward Sabhas, prepare a development plan and maintain a shelf of possible works to be taken up under the Scheme as and when demand for work arises.

(4) The Gram Panchayat shall forward its proposals for the development projects including the order of priority between different works to the Programme Officer for scrutiny and preliminary approval prior to the commencement of the year in which it is proposed to be executed.

(5) The Programme Officer shall allot at least fifty per cent. of the works in terms of its cost under a Scheme to be implemented through the Gram Panchayats.

(6) The Programme Officer shall supply each Gram Panchayat with--

(a) the muster rolls for the works sanctioned to be executed by it; and

(b) a list of employment opportunities available elsewhere to

the residents of the Gram Panchayat.

(7) The Gram Panchayat shall allocate employment opportunities among the applicants and ask them to report for work.

(8) The works taken up by a Gram Panchayat under a Scheme shall meet the required technical standards and measurements.

**Social audit of work by Gram Sabha.**

17. (1) The Gram Sabha shall monitor the execution of works within the gram Panchayat.

(2) The Gram Sabha shall conduct regular social audits of all the projects under the Scheme taken up within the Gram Panchayat.

(3) The Gram Panchayat shall make available all relevant documents including the muster rolls, bills vouchers, measurement books, copies of sanction orders and other connected books of account and papers to the Gram Sabha for the purpose of conducting the social audit.

**Responsibilities of State Government in implementing Scheme.**

18. The State Government shall make available to the District Programme Coordinator and the Programme Officers necessary staff and technical support as may be necessary for the effective implementation of the Scheme.

**Grievance redressal mechanism.**

19. The State Government shall, by rules, determine appropriate grievance redressal mechanisms at the block level and the district level for dealing with any complaint by any person in respect of implementation of the Scheme and lay down the procedure for disposal of such complaints.

**CHAPTER - V**

**ESTABLISHMENT OF NATIONAL AND STATE EMPLOYMENT GUARANTEE FUNDS AND AUDIT**

National Employment Guarantee Fund.

20. (1) The Central Government shall, by notification, establish a fund to be called the National Employment Guarantee Fund for the purposes of this Act.

(2) The Central government may, after due appropriation made by Parliament by law in this behalf, credit by way of grants or loans such sums of money as the Central Government may consider necessary to the National Fund.

(3) The amount standing to the credit of the National Fund shall be

utilised in such manner and subject to such conditions and limitations as may be prescribed by the Central Government.

**State Employment guarantee Fund.**

21. (1) The State Government may, by notification, establish a fund to be called the State Employment Guarantee Fund for the purposes of implementation of the Scheme.

(2) The amount standing to the credit of the State Fund shall be expended in such manner and subject to such conditions and limitations as may be prescribed by the State Government for the purposes of implementation of this Act and the Schemes made thereunder and for meeting the administrative expenses in connection with the implementation of this Act.

(3) The State Fund shall be held and administered on behalf of the State government in such manner and by such authority as may be prescribed by the State Government.

**Funding Pattern.**

22. (1) Subject to the rules as may be made by the Central Government in this behalf, the Central Government shall meet the cost of the following, namely:-

(a) the amount required for payment of wages for unskilled manual work under the Scheme;

(b) up to three-fourths of the material cost of the Scheme including payment of wages to skilled and semi-skilled workers subject to the provisions of Schedule II;

(c) such percentage of the total cost of the Scheme as may be determined by the Central Government towards the administrative expenses, which may include the salary and allowances of the Programme Officers and his supporting staff, the administrative expenses of the Central Council, facilities to be provided under Schedule II and such other item as may be decided by the Central Government.

(2) The State Government shall meet the cost of the following, namely:-

(a) the cost of unemployment allowance payable under the Scheme;

(b) one-fourth of the material cost of the Scheme including payment of wages to skilled and semi-skilled workers subject to the provisions of Schedule II;

(c) the administrative expenses of the State Council.

**Transparency and Accountability.**

23. (1) The District Programme coordinator and all implementing agencies in the District shall be responsible for the proper utilisation and management of the funds placed at their disposal for the purpose of implementing a Scheme.

(2) The State Government may prescribe the manner of maintaining proper books and accounts of employment of labourers and the expenditure incurred in connection with the implementation of the provisions of this Act and the Schemes made thereunder.

(3) The State government may, by rules, determine the arrangements to be made for the proper execution of Schemes and programmes under the Schemes and to ensure transparency and accountability at all levels in the implementation of the Schemes.

(4) All payments of wages in cash and unemployment allowances shall be made directly to the person concerned and in the presence of independent persons of the community on pre-announced dates.

(5) If any dispute or complaint arises concerning the implementation of a Scheme by the Gram Panchayat, the matter shall be referred to the Programme Officer.

Ministry of Rural Development  
Dept. of Reral Development  
Government of India  
Krishi Bhavan, New Delhi-110001

D.O. No. V-28012/3/05-06/NREGA

10th January, 2006.

The NREG Act, will be launched in identified districts in various States on 2nd February, 2006. As you are aware, out of the identified 200 districts, 150 districts are those districts which are covered under NFFWP at present. Under the NFFWP, 1% of the programme cost is towards administrative expenses. Once the NREG Act comes into force, the NFFWP would get merged into it and the funds available under the programme will also be taken as the funds under the Act in the current financial year. Thus, the 2% of the budget allocation under NFFWP may be treated as allocation for the administrative expenditure under NREG Act for the 150 districts. For the additional 50 districts to be covered under the NREG Act, Rs. 5.00 crores have already been released to each of the districts for implementation of the Act, out of which 2% can be incurred as administrative expenditure. The enhancement of the administrative expenditure is under consideration of the Government and the decision as and when taken, will be conveyed to you. A suggested model for administrative expenditure is enclosed. The State Government within the limits prescribed may modify the same to suit their requirements. The expenses of the Programme Officer, his staff, Technical and Administrative Support of Gram Panchyats and staff in district office will be allowed only if additional hands are provided.

With regards,

Yours sincerely,  
**Amita Sharma**

D.O. No. PS/JS(S)/checklist/2006

Dated 10<sup>th</sup> Feb., 2006

Dear,

The NREGA has been notified with effect from February 2, 2006. with this the registration process of registering households and provision of Job Cards has begun. this would equip the workers to enforce their entitlement to work.

2. Continuous vigilant monitoring is necessary at all levels to ensure that the agencies covered are prepared and are readily responding to the applicants. In addition the Act's notification also gives effect to its mandate to have data readily available on critical parameters to enable public sharing of it.

3. Therefore a checklist to assist the States to get a snapshot of present situation of implementation and to report on it has been developed. This would also enable States to modify their approach, if required and eventually the States would be able to provide such information through NREGA MIS, as this would be integrated in; this MIS soon.

4. I would be grateful if the solicited information can be sent to Ministry of Rural Development by February 20, 2006 and emailed to Sanjay Singh, Director at [ssanjay@nic.in](mailto:ssanjay@nic.in).

5. The checklist is also being emailed to you.

Yours sincerely,  
**Amita Sharma**

No. V-24011/1/2005-Rel NREGA
Ministry of Rural Development
Government of India
NFFWP/NREGA Division

Krishi Bhawan, New Delhi
Dated 16th February, 2006

To,

The Secretary,
Incharge of NFFWP/NREGA,
All 27 States

Subject - Release of seed money/initial installment for NREGA.

Sir/Madam,

I am directed to say that in accordance with para 7.3.6 of the
NREGA Guidelines, initial installment as seed money is being
released to the Districts of your State for effecting wage
employment guarantee under the NREGA.

2. The resources released for NREGA will be distributed among
the Gram Panchayats, Programme Officers and the District
Programme Coordinators in the proportion of 50:25:25 respectively,
As such, 50% of the resources will be given at the disposal of the
Gram Panchayats, 25% each to the Programme Officers and the
district Programme Coordinator, the initial release to the Gram
Panchayats may be made in the ratio of SGRY allocations and
funds accordingly be made available to the Gram Panchayats.
Similarly, the Programme Officers may be released initial
installment of funds equal to half the aggregate release to all the
Gram Panchayats in the block made aforesaid. For example, the
aggregate release to the Gram Panchayats in the ratio of SGRY
allocation in a block comes to 50 lakhs. the Programme Officer will
be released Rs. 25 lakhs. If in another block, the aggregate release
to Gram Panchayats in the block is 60 lakhs, the Programme
Officer concerned will be released Rs. 30 lakhs. Further, releases
should, however, be commensurate with actual utilization and
requirement in accordance with guidelines. These funds are to be
kept in a separate bank account to be opened under the NREGA at
all three levels in accordance with para 7.2.3 .

3. The States are also aware that the unspent resources and the incomplete works under the two programmes of SGRY and NFFWP will also act as an instrument to provide employment guarantee in the 200 NREGA districts. for effective planning and utilization of resources by the districts as per the NREGA Guidelines at; the initial stage, it presumed that the States might have taken all necessary steps and the District Programme Coordinators would have been accordingly instructed by now.

It must also be ensured that the initial installment/seed money so released is distributed among the three levels in accordance with the instructions in the above para and is utilized for opening up of new works under the NREGA. The new works must be in accordance with the schedule I of the NREG Act. the SGRY works should be completed out of the SGRY funds and no part of the resources being released under NFFWP and NREGA be diverted to SGRY works. The ongoing works under the NFFWP should be completed with the resources already available with the District. If there is paucity of funds for completing the ongoing works, it may be assessed and funded by the Programme officer or by the District Programme Coordinator out of their share. The Ministry may also consider additional funds if specific proposal is received, justifying the additional funds on the basis of utilisation actually made of the available resources and also, depending upon the resource availability under NFFWP during the current financial year.

In view of the above, necessary instructions to the District Programme Coordinators of your State may be given instantly to avoid any confusion at the District level and for smooth operationalization of NREGA.

Thanking You

Yours faithfully,

**Balram Sharma**  
Director (NFFWP/NREGA)

Dear,

The Government of India, Ministry of Rural Development has recently launched the "Rural Employment Guarantee Scheme" on 2nd February 2006. Among other things, the scheme guarantees employment for 100 days in a year for people who require employment. Thus the fund required by the implementing agencies should reach them quickly as per the directive of Government. To achieve this quick transfer of funds, it is crucial that the bank account numbers of the DRDAs and all other implementing agencies of your state are correct, so that the funds transferred reach its destination. for this reason, we need to update the data of the bank.

2. I shall be grateful, if the information which we require as per the enclosed proforma is sent to us at the earliest. ;the information may be faxed at 011-2309 7016 or emailed at paomrd@yahoo.co.in.

D.O. No. M-12014/1/2006/NREGA

5th July, 2006.

Dear Shri Sinha,

Monitoring is a very critical facet of implementation of NREGa.  
 Most of the States have also developed monitoring mechanism for peri-  
 odical qualitative monitoring.

States are reporting quantities progress through monthly  
 progress reports. To assess the quality of implementation of NREGA  
 field inspections are a necessary. A detail description of monitoring  
 methodologies and necessity of monitoring has been incorporated in  
 operational guidelines as well (Chapter n. 8 of operational guidelines).  
 We had suggested that a sample checks of NREGA works could be  
 conducted in the following manner.

- a) State level officials should inspect 2% of the work
- b) District level officials 10% of works
- c) Block level officials should inspect 100% of NREGA works.

I would request you to kindly give directions accordingly to con-  
 cerned official.

National Level Monitors had visited districts in the month of  
 March and their reports were very helpful in providing us important infor-  
 mation about NREGA implementation. They are once again scheduled  
 to visit districts in the month of July. They would be collecting information  
 according to the parameters defined in the attached check list. We would  
 apprise you of the findings of the NLMs' report as and when we receive  
 it. We are sharing this check list with you as lists would also be benefi-  
 cial to the State for collecting information on quality of implementation of  
 NREGA.

With regards,

Yours sincerely,  
 Amita Sharma

No. V-28012/3/05-NREGA  
**Government of India**  
**Ministry of Rural Development**

Krishi Bhawan, New Delhi-110 001  
Dated 11th August, 2006

To,

**The Principal Secretary (RD),**  
Government of Uttar Pradesh  
Lucknow (U.P.)

Sir,

Please refer to your D.O. No. 988/NREGA/06 dated 31st July] 2006 regarding administrative expenses to be incurred under NREGA. In this connection, it is clarified that as per the existing provisions, upto 2% of the total funds available under NREGA can be utilized for administrative expenses.

Within the ceiling of 2%, the district may spend money for payment of salary/wages of Programme Officer, his staff, assistance to GPs as per norm indicated in the annexure with D.O. letter No. V-28012/3/05-06/NREGA dated 10th January, 2006, expenses on stationery, mobility (excluding purchase of new vehicles), travel, computerization, training, IEC activities, monitoring, social audit and audit related expenses and worksite facilities.

As regards enhancement of administrative expenses under the Act, the proposal is under consideration of the government. However, it is clarified that Central Government will meet the expenses only to the extent of prescribed ceiling. The expenses over and above the ceiling will have to be met by the State Government. Therefore, due economy should be exercised and expenses on luxury items, purchase of vehicles, expensive furniture and furnishings should be avoided.

Yours faithfully,

**(Amita Sharma)**

V-24011/13/2005-NFFWP/NREGA  
**Government of India**  
**Ministry of Rural Development**  
**NREGA Division**

Krishi Bhawan, New Delhi-110 001  
Dated 13th September, 2006

To,

**Principal Secretary /Secretary**  
Rural Development Department/incharge of NREGA  
All States Uttar Pradesh

**Sub : Important issues for inclusion in perspective plans for NREGA being prepared by new districts under the Act.**

Sir,

Under guidelines issued vide DO letter No.V-24011/13/2004-SGRY (Mon) dated 14th January 2005, five year perspective plans are being prepared by NFFWP districts reoriented towards NREGA with modification suggested by the Ministry during appraisal meetings held last year at various regional centers. Some plans have also been sent by the States to the Ministry for approval. 50 additional districts have been added under NREGA and the districts are in the process of preparing perspective plans for which funds to the tune of Rs. 10 lakhs have already been made available to each district. The following may kindly be ensured while preparing these plans :

- i) Panchayat-wise demand for wage employment or unskilled labours may be estimated and included in the plan.
- ii) The demand for work and works demanded should be commented upon under a common frame.
- iii) Works identified should be discussed in the gram sabhas and other levels based on peoples need.
- iv) Agencies suited to execute a work or a category of works should be indicated.
- v) In the introductory chapter the objective and need for preparation of perspective plans has to be clearly spelt out **(providing wage employment to wage seekers at the village level in the short run through creation of need based economic infrastructure that regenerates the natural resource base with potential to create a self**

127

+

+

**sustaining robust rural economy to take care of employment needs in the long run).**

- vi) The process of consultation with the local community, gram sabha, gram panchayats and other Panchayati Raj Institutions (PRI), ties with MLAs and MPs has to be elaborated comprehensively. How the wish list of the local community was obtained and discussed in the gram sabha and how it was compiled and the process adopted for approval by the gram panchayat and the other two tiers of PRIs needs to be explained.
- vii) The final draft plans should be got approved by all PRIs in view of the NREG Act.
- viii) In chapter VI, it must be ensured by the District Programme Coordinator (DPC) that improvement shown against each indicator after the 5 year period in a tabular form gives absolute figures as well as percentages adequately supported with justifications. Each indicator has to be justified in a separate para. All developmental indicators must be shown. If the DPC wishes to add fresh indicator with justification, it can be done.
- ix) While indicating the impact against each development indicator in Chapter VI, the estimated impact should take into account investment made in 5 years on all social sector programmes.
- x) Inputs of Chapter III must match with inputs of Chapter V i.e. the flow of resources, prioritized shelf of projects etc shown in chapter III must tally and match with the prioritized shelf of projects indicated in Chapter V.
- xi) Projects aimed at improving the livelihoods of SCs, STs and BPL household through activities like land development, horticulture, plantation, irrigation etc. must be indicated.
- xii) Location of activities to be taken up may be indicated on the map.

Once these perspective plans are prepared, they may be examined at the State level as per the 20 point check lists already made available vide the Ministry's letter no. V-24011/13/2005-NFFWP dated 13.7.2005.

Yours faithfully

**GOVERNMENT OF INDIA**  
**Ministry of Rural Development**  
NREGA Division

Krishi bhawan,  
New Delhi  
Dated 30th March, 2007

To,

The Principal Secretary / Secretary (RD)  
(In-charge-NREGA)  
Government of

**Sub :** Enhancement of Management Cost for the implementation  
of the National Rural Employment Guarantee Act, 2005

Madam/Sir,

The Ministry of Rural Development has been providing financial support to administrative expenses incurred under NREGA. This Central Assistance is made available to the States under NREGA Section 22 (1(c), that authorizes the Central Government to determine a percentage of the total cost of the Scheme as administrative expenses.

2. Accordingly, the permissible limit for administrative expenses communicated by the Ministry vide its letter dated 10.1.2006 was 2% In view of the feedback from the states, and an assessment of the volume of work that needs to be handled at each level, the central Government has now decided to enhance the current level of administrative expenses permissible under NREGA from 2% to 4% of the total cost of the expenditure which includes both Central and State share. The enhancement of the limit of administrative expenses has been done with a view to enable States to augment **human resources and**

+

+

**develop capacity for critical activities like IEC, training, planning, MIS supervision, social audit** so that the processes mandated in the Act and the outcomes envisaged are attained.

3. Administrative expenses permissible under the 4% administrative limit:

Activities permissible under administrative expenses are as follows:

- i) Information Education Communication (IEC):** This includes awareness generation activities such as preparation and dissemination of IEC material. community mobilization, use of media and local cultural forms, house hold contact campangns.
- ii) Training:** Training of officials PRIS and Village & Monitoring Committee members. This will include training needs assessment, development of training modules and materials, organization of training programmes, concurrent impact assessment of trainings. Exposure visits, use of distance education methods will also be included.
- iii) MIS:** This includes collection of data and its electronic processing, report generation and transmission, Block level computerisation must be ensured.
- iv) Quality Supervision :** This includes monitoring and verification (specially muster roll verification)evaluation, Social Audit, QualityMonitors at the State, District and Block levels may be deployed.
- v) Setting up grievance redressal systems,** like Help lines.
- vi) Engaging professional services** for any of the activities permissible under items (i) to (v) above is permissible.
- vii) Operational Expenses:** Office expenses related to the implementation of NREGS.
- viii) Stationery** related to computational process/MIS.
- ix) Additional Staffing** dedicated to NREGS in key functional areas of the Scheme and at the Gram Panchayat/Block/ District levels (as annexed)

+

4. Items of Expenditure not permissible under the 4% administrative limit.
- i) Salaries/remunerations/honoraria of functionaries already engaged by the Government PRIs/any other implementing agency.
  - ii) Personnel, other than indicated in 3(ix) above.
  - iii) Purchase of new vehicles and repair of old vehicles.
  - iv) Civil works
5. On administrative expenses a suggested staffing pattern was indicated in the earlier instructions dated 10-01-2006. The existing District level organization (like DRDA/ZP Secretariat) servicing the NREGS under permissible administrative expenses. However, this additional staff can be paid from the NREGS funds only if they are dedicated and are working full time for the NREGS with no other responsibility. This personnel could be regular Government employees deployed for the NREGS or could be employees on contract or staff deployed on outsourcing basis. The scale of staff which is to be deployed has to be related to the volume of work in a Gram Panchayat, Block or District.
6. Since 50% of work has to be implemented at the Gram Panchayat level and the Gram Panchayat is also the pivotal unit for basic NREGA Processes like registration, issue of job cards and maintenance of records, it is suggested that the first charge on administrative expenses shall be the Gram Rozgar Sevak. One Gram Rozgar Sevak must be deployed in each Gram Panchayat. Training of Gram Rozgar Sevak should also be fully ensured. The next charge on administrative expenses will be strengthening the Block management through additional dedicated staff for engineering, accounts and MIS.
7. Obviously, the expenses for personnel of all the above categories deployed at District, Block and Gram Panchayat levels have to be supported within the overall ceiling for administrative expenses of 4%

which also covers expenses other than personnel as indicated in para 3(items i to viii) above. Therefore, careful planning has to be done by State Governments in working out the required personnel and deploying them at different levels. No permanent posts are to be created under this programme and Government of India will not take any liability for any permanent posts under it.

8. Normally, States should endeavor to restrict expenses on personnel to not more than 2.5% so that sufficient funds are available for undertaking processes as indicated in para 3.i to 3.viii above, to improve the quality of implementation. States should also closely monitor their administrative expenses in terms of personnel and other capacity building initiatives to ensure that these arrangements support creation of person days and delivery of legal processes and outcomes envisaged under NREGA.

9. Surplus dysfunctional staff deployed in other programmes may not be diverted to NREGS.

10. Salaries of existing staff will not be booked to NREGS.

11. The 4% cap on administrative expenses will operate at the district level.

12. 4% administrative expenses is a function of a total expenditure under NREGA resulting into creation of a person days in a financial year. Therefore expenses that are incurred in terms of personnel salaries and other processes indicated here must square up to not more than 4% of total expenditure in a financial year. In doing so, care should be taken to ensure that districts having a large size of programme do not spend more than the absolute minimum as the administrative expenses in these districts can be managed with a much smaller percentage and even be managed at 1 to 2%.

13. **Work Site Facilities:** Work Site Facilities are to be provided as

per provision of the Act. The expenditure on workers engaged to look after creche on site shall be separately charged to the wage cost. This will be recorded separately and will not be included as part of the work measurement.

Location of creche should be planned in such a way that it is optionally utilized and normally one creche should be opened for one worksite or group of worksites in proximity to each other. Such planning should be done for each Gram Panchayat in advance and should be reviewed from time to time on the basis of additional works opened/started and works which have been closed. Similar arrangements will apply mutandis for making arrangements for supply of drinking water. This planning should be done by Gram Rozgar Sevak at the Panchayat level. While doing so, the works being implemented by all institutions whether PRIs or Line Departments should be taken into account in to.

**14. One time expenses :** One time expenses on following items, will be allowed. This will be separate from the 4% permissible limit.

- a) Preparation of Perspective Plan
- b) Printing of job cards, photography
- c) Augmentation of computational facilities at the Block and District level
- d) Almirahs for record-keeping and functional furniture at G.P Block and District- levels.

15. The enhanced permissible limit for administrative expenses will come into effect from April 1, 2007.

**Amita Sharma**  
Joint Secretary

D.O. No. M-11011/5/2007/NREGA-II

5th December, 2007.

**Subject: Use of National Logo developed by the Ministry of Rural Development  
for NREGA**

Dear

A National Logo has been developed by the Ministry of Rural development for NREGA. A copy of the National Logo is enclosed (Print and eletronic copy). The Logo can also be downloaded from the NREGA website:www.nrega.nie.in. The national logo has been designed to give a distinct identity to NREGA and to make all its public communications easily identifiable.

State Governments will ensure that the National logo is used on all communications, documents, displays and exhibits, information boards and signage relating to NREGA in their State. Instructions to this effect immediately and their compliance ensured.

A copy of instructions issued may be sent to the Ministry. Further follow-up action taken may also be reported to the Ministry.

Yours sinceraly,

**Amita Sharma**

Encl: As above

Shri Rohit Nandan  
Principal Secretary  
Rural Development Department  
Government of Uttar Pradesh

Ministry of Rural Development  
Dept. of Reral Development  
Government of India

D.O. No. M-11015/34/2008/NREGA 29th January, 2008

**Subject: Reaffirmng our commitment to Wage Security Under  
NREGA on 2nd February, 2008.**

Dear

The National Rural Employment Guarantee Act was launched on 2nd  
February, 2008, in 200 districts. The Act has since then progressed to additional  
180 districts in the year 2007-08 and will cover the remaining rural areas of the  
country 1<sup>st</sup> April, 2008.

In each of these two years that the Act has been able to generate  
employment for over two crore rural households and has also led to the creation  
of durables assets with about 10 lakh works being opened across the country.

It is suggested that we eaffirm our commitment towards guaranteeing  
wage security to the rural households of the country under the NREGA on  
February 2nd, 2008.

The Ministry of Rural Development will be holding a Press Conference on Febru-  
ary 2nd, 2008 in which the Union Minister Rural Development will release a  
document on the performance of NREGA in these two years. The State Govern-  
ment should hold similar functions at the State and District levels on February 2nd,  
2008.

In the State levels function the State Government should release a  
public report on the work done under the NREGA and hold a Press Conference  
for this purpose. A similar tuneaon should be held at each NREGA district head-  
quarter where the District Programme Coordinator should release the district  
report on work done under the NREGA and hold a Press Conference. At the  
district level such functions should be organised with the participation of PRIs  
and civil society organisations. Conventions at Block and sub-block levels can  
also be organised with the participation of NREGA workers and Sarpanches and  
this occasion can be used to disseminate information about the Act. Such  
functions will help in motivating and enthusing all stakeholders and also make  
NREGA a collective commitment towards wage security.

I would request you to use necessary instructions and also intimate the  
Ministry action taken.

`Yours sincerely,

**Dr. Rita Sharma**
