### Introduction

The Rashtriya Swasthya Bima Yojna (RSBY) has been launched to provide health insurance coverage for Below Poverty Line (BPL) families. The objective of RSBY is to provide protection to BPL households from financial liabilities arising out of health shocks that involve hospitalization. The details about RSBY scheme could be accessed from the website <http://www.rsbysin.in>. In the state of Uttar Pradesh, RSBY has been now extended in all the 71 districts. To take the scheme further, it is required to convert BPL data in the prescribed RSBY format. There are approximately 1.08 Crore BPL families in both Urban and Rural Uttar Pradesh and out of which about 99.56 Lakhs are Rural BPL. The BPL list of rural area is available in digital form and is also on the site of each district, but there is no such list in urban area. This list in urban area in digital form in required format is to be prepared from the hard copy to be made available by the Food and Civil Supplies department. There may be cases in rural areas where every Antodaya and BPL card holder do not figure in BPL list of rural development, and vice-versa, every family with name in BPL list may not be in possession of AAY/ BPL card. This calls for digitization of the details of card holders in rural areas to enable matching and subsequent reconciliation. In the reference above, Department of Rural Development, Govt. of U.P. is inviting E.o.I. from competent firms for conversion of BPL data in RSBY format, data digitizations and other related activities as mentioned below -

- BPL Data including Antodaya card holders digitization in RSBY format for urban areas of Uttar Pradesh.
- RSBY data validation as per RSBY Software.
- Uploading of RSBY data in central RSBY database / RSBY website after the validation and clearance from Ministry of Labour, Government of India.
- Data digitization of the families/ individuals having Antodaya Cards and BPL Cards in Rural areas. This data digitization needs to be done from the records available with the Department of Rural Development and Food and Civil Supplies, Govt of Uttar Pradesh.
- To develop a software program for matching between BPL / Antodaya Cards holders and BPL list. The process also involves 5% ground truth verification.
